

TASK 1 – PROGRAM SHEET

Write down the variables you can see here!\

```
1 drink = input("What drink would you like? Coca-cola, irn bru or fanta?")
2
3 if drink == "coca-cola":
4     type = input("Regular, diet or zero?")
5     print("Here is your " + type + " " + drink)
6 if drink == "irn bru":
7     print("Here is your " + drink)
8 else:
9     flavour = input("What flavour fanta? Orange, tropical or raspberry?")
10    print("Here is your " + flavour + " " + drink)
```

And here...

```
1 pet1 = "dog"
2
3 pet2 = "cat"
4
5 pet3 = pet1
6
7 pet4 = pet1
8
9 pet1 = "rabbit"
```
