

1. Please circle the option you most agree with

I enjoyed today's lesson				
Strongly agree	Agree	Neutral	Disagree	Strongly disagree
I found today's lesson difficult				
Strongly agree	Agree	Neutral	Disagree	Strongly disagree

2. Describe what this program does.

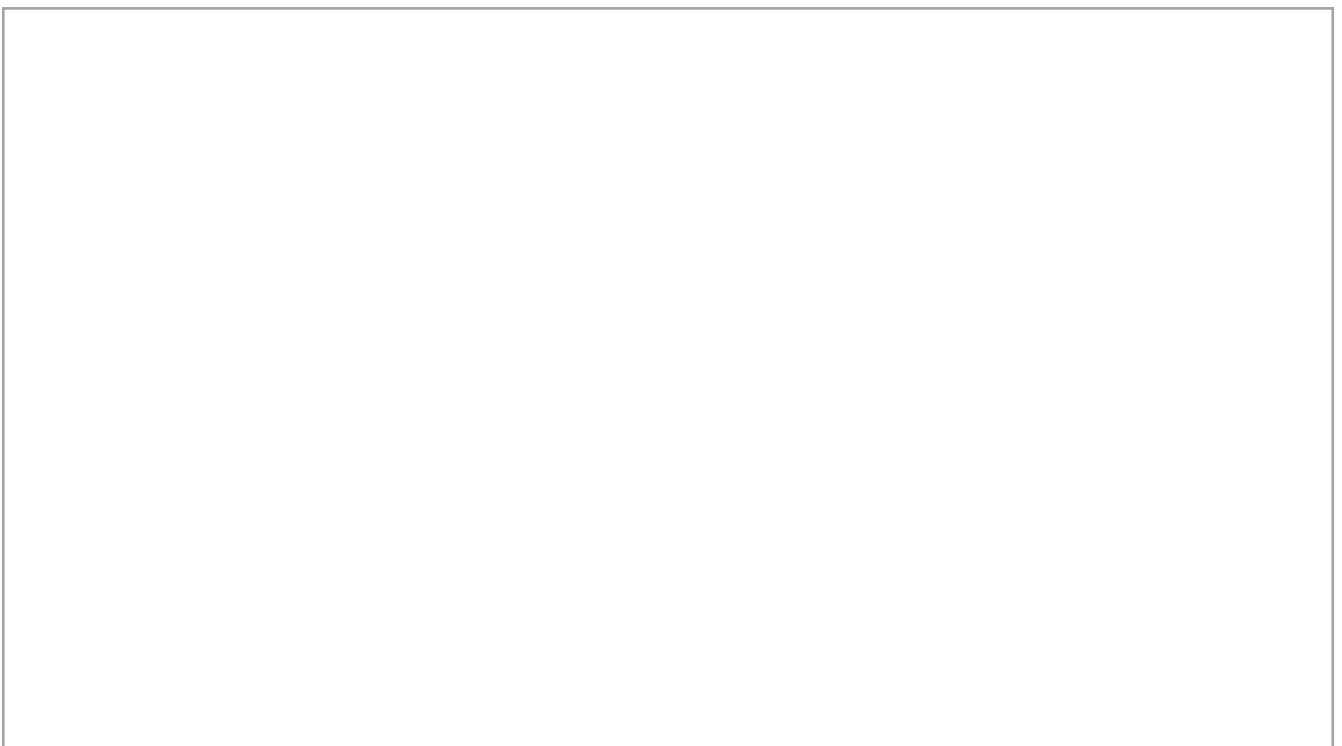

```
1 flavour = input("What flavour milkshake would you like?")
2
3 if flavour == "banana":
4     print("Sorry, we've run out!")
5     choice = input("Type 'E' to exit or 'C' to choose something else.")
6     if choice == 'E':
7         print("Sorry about that, hope to see you another time!")
8     if choice == 'C':
9         flavour = input("What flavour milkshake would you like?")
10        print("Here's your " + flavour + " milkshake")
11 else:
12     print("Sorry, that's not a valid choice!")
13 else:
14     print("Here's your " + flavour + " milkshake")
```

In the box on the other side of the page, write a description of how the above program works.

As an extra challenge, can you point out the flaw in this program that means someone can still order a banana milkshake even when we have run out?

4) What would you say you have learned from doing all 6 of these lessons?

3) Do you have feedback for me about today's lesson? Anything you liked/disliked or found interesting/difficult to learn?
